Versatile Application Scenarios

Single probe solution with Convex & Linear in one

Matrix probe, exceptional image quality

Programmable button, easy to scan

iNeedle
Provide increased visualization in the region of interest (ROI) and enhanced needle detection

iTouch+
Adjust the setting to optimize image quality with a single click

More Connectable Possibilities

Air Capsule for Portable Charging

Innovative Air Capsule

- Protective case and a portable charger in one
- Supports wireless recharge of the TE Air up to three times for all-day use

Limit Your Downtime

- Supports over 60 mins of scanning time

Cleaning and Disinfection

- IP68 level waterproof and dustproof design
- Able to withstand complete immersion with compatible disinfectants

Magnetic Charging Cable

- Helps prevent accidental damage and cable fatigue

The New TE Air Mobile App

- Intuitive user interface supports one-hand operation and ease-of-use
- On-board patient data management solutions provide connected patient care
